Ravensburger

## Welcome

to our new S/S 2025 catalogue. Inside, explore our most extensive lineup of products EVER. Over 160 new items are set to help draw customers into your stores. You'll see exciting growth in our games category, more from Disney Lorcana and a wealth of new licenses joining our portfolio to name but a few highlights.

We are proud to be the leading supplier of puzzles in the UK, whether that is Children's, Adult's or 3D. Our children's offering has new puzzles for Disney's Stitch, Peppa Pig, Bluey, Paw Patrol and Unicorn Academy fans, and new licenses such as Hello Kitty, Rubble & Crew and Groot. Our fresh 'Puzzle Up' concept brings a progressive jigsaw range for children aged 2 to 6 - each one includes content explaining the image and an educational guide for parents.

#### **Adult Puzzles**

The new 'Cherish Your World' series in our adult puzzle collection has been designed by Spanish artist Antonio Segura, who is well-known for capturing the beauty of nature in dramatic style. The contemporary Art & Soul collection will also grow this spring, and these additions will join fresh offerings in our popular collections Crazy Cats, Happy Days, Leisure Days and My Haven Series among others. Our consumer magalog, Positively Puzzling, will continue to inspire puzzlers and invite them into our puzzling world.

#### 3D Puzzles

In 3D, we are expanding our popular Hylkies line with further characters from Star Wars and Marvel, and we're delighted to introduce a Harry Potter series to the range. And, as the momentum behind Disney Stitch continues, we add three Stitch puzzle balls to our collection: your customers are certain to want these in their collection.

#### Disney Lorcana

Disney Lorcana Trading Card Game goes from strength to strength, and we will launch sets 7 and 8 in SS25, accompanied by a Brand Lifestyle TV Commercial and even more consumer and trade events. There is a demo event coming to a shopping centre near you soon!

#### Games

There is more news on the 'cards' for our games portfolio too: we are doubling our card game offering, introducing items such as Disney Eye Found It, Level 8 Stitch and Level 8 Super Mario. Disney Stitch and Moana 2 editions expand our ever-popular mini memory collection. And fans of our multi-award-winning game Mycelia can look forward to Gloomies – a fresh introduction to the 'cosy' games category. There is also news for our ThinkFun brainteaser brand, with a refresh to hit game Rush Hour. This brand will also see the launch of ThinkFun Friends – a multi-product offering for children from three years 'hosted' by a cast of friendly animal characters.

#### **BRIO**

Dinosaurs roam in the BRIO World, including an Ankylosaurus – this impactful dinosaur will introduce a new way to play in the system. There are more prehistoric discoveries to be made with the Dinosaur Deluxe set. The Santa Fe Train will join the popular Trains of the World series too.

#### Play+

We're following up the successful launch of Play+ with new titles to enhance the book collection; we're expanding our most popular 'Shhh...' series and introducing a lift-the-flap series called 'Are You Hiding?'. They will make a perfect addition to the beautiful wooden Play+ display unit.

I hope you enjoy the catalogue. Thank you once again for your continued partnership.

Sustainability is an integrated part of our culture. We take measures for a healthy climate and sustained resources. We care about lifelong education, and how we treat each other and the people around us.

# "Encourage discovery of what really matters."

We are proud of this mission, but it only makes sense in a healthy and safe environment: a planet to nurture us, a society to sustain us and progress to give everyone a future worth living.

We must act to make it happen.
